Ch, IEG -

- Both in the attached brief and in the briefing given on this subject the other day, we express some opinions (underlined) which worry me.

- They worry me because we seem to have made a judgement that might influence or prejudice the work that we do.

- Let us not prejudice the numbers or roles of AAICVs or any other equipment. Let us remain objective.

- If we have not done so, it might be useful to talk with the DIA and CIA analysts who are concerned; not to become enamored of one view over another, but to reopen

our awareness of the various possibilities and to enhance our ability to look in the best places and report what we see in terms relevant to our responsibilities.
